

THANK YOU!

Congrats on losing a tooth!

Thank you for taking such awesome care of your teeth and for sharing the teeth that you no longer need with me. This one will be a perfect addition to my castle in Fairyland.

In exchange for your tooth, I left a surprise under your pillow. I hope you like it as much as I like your tooth.

Remember, keep brushing and flossing every day. (I never use yellow teeth or those with cavities to build my castle because they aren't pretty or structurally sound.)

Thanks again for the tooth, and I look forward to seeing you soon.

With love and magic,
Tooth Fairy
